REPORT OF INDEPENDENT AUDITOR

To The Members of
Petruzzi Securities, LLC
San Clemente, California

I have audited the accompanying statement of financial condition of Petruzzi Securities, LLC as of December 31, 2005 and the related statements of operations, changes in members' equity and cash flows for the year ended December 31, 2005. These financial statements are being filed pursuant to Rule 17a-5 of the Securities and Exchange Act of 1934 and include the supplemental schedule of the net capital computation required by Rule 15c3-1. These financial statements are the responsibility of Petruzzi Securities, LLC's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, such financial statements referred to above present fairly, in all material respects, the financial condition of Petruzzi Securities, LLC as of December 31, 2005 and the results of its operations, members' equity and cash flows for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

PETRUZZI SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

1. Organization

Petruzzi Securities, LLC (the Company or Petruzzi) was organized as a Limited Liability Company in the State of California. The Company is a wholly owned subsidiary of Smart Execution Securities, LLC (SMEX), a broker dealer and NASD member firm. SMEX was previously owned by two members. However, one of the members was bought out by the other member. Petruzzi is a broker dealer and was approved as a member of the Chicago Stock Exchange in November 2003. The Company became a participant member of the National Securities Clearing Corporation and the Depository Trust Company in October 2004 and self clears.

The Company trades for its own firm proprietary account and generally does not carry positions. The Company engages in trades with other broker dealers using various Electronic Communication Networks (ECN's) and may receive commission rebates as a liquidity provider based on trading volume. In August 2005, the company lost its outside team of technical personnel. As a result its ECN operation became inoperative. Presently the Company's operations are dormant.

2. Significant Accounting Policies

- A. The accompanying financial statements cover the period January 1 through August. See the paragraph immediately above.
- B. *Use of Estimates* - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- C. *Cash and Cash Equivalents* - The Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents. At December 31, 2005 the Company's cash equivalents were:

Segregated Account to Meet Federal Regulations	\$ 55,075
Deposit Trust Company	10,000
Huntington Bank – Settlement Account	258,250
National Securities Clearing Corporation	1,000,000
Checking Account	<u>174,966</u>
	<u>\$1,498,291</u>

PETRUZZI SECURITIES, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

3. Net Capital Requirements

At December 31, 2005 the Company had a net capital requirement of \$250,000. See page 8, for a calculation of net capital. In addition the Deposit Trust Company requires that net capital as defined cannot have an excess net capital less than \$500,000. At December 31, 2005 the excess net capital was \$1,116,637.

4. Income Taxes

The Company files its income tax returns as a Limited Liability Company (LLC). Income and losses of LLC's pass directly to the members. The State of California requires LLC's to pay a minimum \$800 plus a percent of its revenue computed on an ascending scale.

5. Related Party Transactions

The Company expensed \$569,500 to a related party for management and development fee for technology. At December 31, 2005 a liability of \$44,772 was due this related party.

6. Revenue Concentration

The Company's revenue comes principally from trading on four ECN's. The loss of any one of them would significantly impact the Company's revenue.

PART II

PETRUZZI SECURITIES, LLC

STATEMENT OF INTERNAL CONTROL

DECEMBER 31, 2005

George Brenner, CPA
A Professional Corporation
10680 W. PICO BOULEVARD, SUITE 260
LOS ANGELES, CALIFORNIA 90064
310/202-6445 – Fax 310/202-6494

REPORT OF INDEPENDENT AUDITOR
ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

To The Members of
Petruzzi Securities, LLC
San Clemente, California

In planning and performing my audit of the financial statements of Petruzzi Securities, LLC (the "Company") for the period January 1, 2005 through December 31, 2005, I considered its internal control structure, including procedures for safeguarding customer and firm assets, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements, and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practice and procedures (including tests of compliance with such practices and procedures) followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the Company: (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices procedures are to provide responsibility and safeguard against loss from unauthorized use or disposition, and that transactions are executed in accord to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from

unauthorized use of disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practice and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under the standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relationship to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the accounting system and control procedures that I consider to be material weaknesses as defined above. In addition, the Company was in compliance with the exemptive provisions of Rule 15c3-3 as of December 31, 2005 and no facts came to my attention indicating that such conditions had not been complied with during the year then ended.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, Chicago Stock Exchange, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.
